

Features

- Ideal for application of required automatic tank filling
- Perfect for direct tank wall installation
- Low cost alternative for costly stainless steel or other metal float valves
- Solid construction and thermoplastic body; does not rust
- Rust free stainless steel parts
- Replaceable seals and gasket design for long life application
- Easy adjustable angle for liquid level control
- Provides maximum efficiency in controlling liquid swivel

Sizes

- 1/2" Plastic Float Valve
- 3/4" Plastic Float Valve
- 1" Plastic Float Valve

MATERIAL SPECIFICATION

No.	Parts	Materials
1	Nut	PVC/CPVC/PP
2	Nut Gasket	EPDM/VITON
3	Valve Body	PVC/CPVC/PP
4	Seal	EPDM/VITON
5	Slide	PVC/CPVC/PP
6	O-Ring	EPDM/VITON
7	Joint	PVC/CPVC/PP
8	Arm	PVC/CPVC/PP
9	Split Pin	STAINLESS STEEL
10	Nut	STAINLESS STEEL
11	Screw	STAINLESS STEEL

DIMENSIONS

Size	Dimension (mm)		
	D	H	L
1/2"	35	85	117
3/4"	35	85	138
1"	45	108	166
